Lakeland Fla.

Dear James:

I just received your second letter. Thanks for all the information. First of all you did not send me the address of the man in Plant City, all you said was to write Mike Wadsworth, Plant City Florida. I am sure I will need an address or some ones name to write in care of to reach any one in a place that big. Please send me his address right away. Thanks for the other addresses, I will write to the people right away. I will let you know what we do.

The note at the bottom of your first letter was signed Mary Elizabeth Hill. What does this mean? Did you get married. If so that is fine. I know you are very very happy, because you certainly seemed to miss the young lady in question a lot each time you have been here. I know you are planning to bring her up with you next year. That is fine, because I am sure you will be much more contented, and as a result you will play better, which means you will build your reputation up that much faster, and everyone will benefit as a result. Mr. Manley and I both wish you happiness. If the young lady in question is writing the letters she must be very intelligent. The letters are very nice.

Now I am enclosing your contract and will send you the loan when I receive them back.

Yes there is a lot of talk about the men who ran away staying here next year. Whether or not they will be taken back will be decided at the joint league meeting in Chicago in March.

I am awfully sorry you are not taking the needles as Doctor ordered. Maybe next season if you bring your wife with you we will be able to work out a plan whereby you will get all the treatments you need.

Will look to hear from you right away.

Very Truly Yours
